

# THE DEVELOPER'S CONFERENCE

## Metralhando o próprio produto com tudo!

Flávio Pimenta

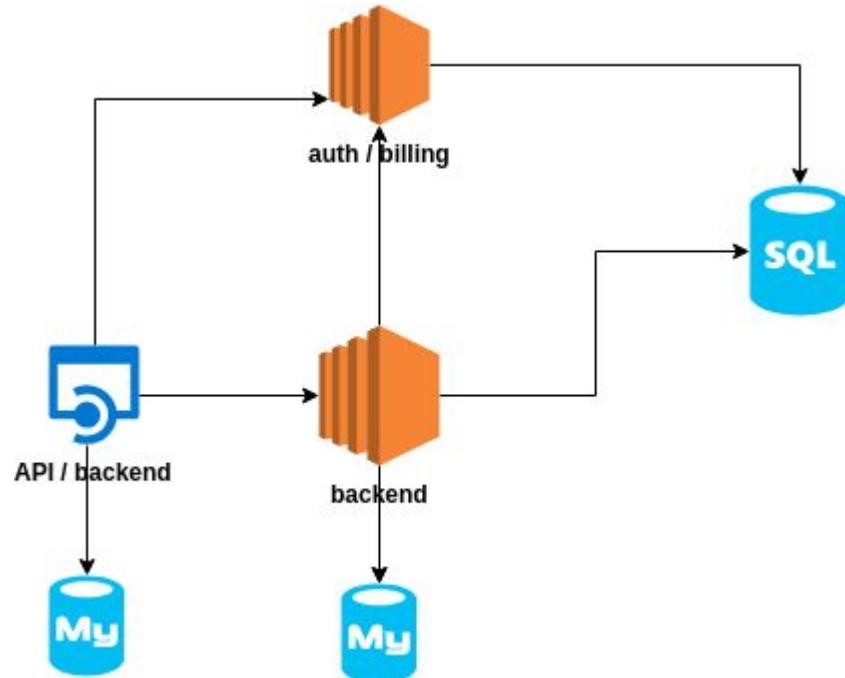

# O problema

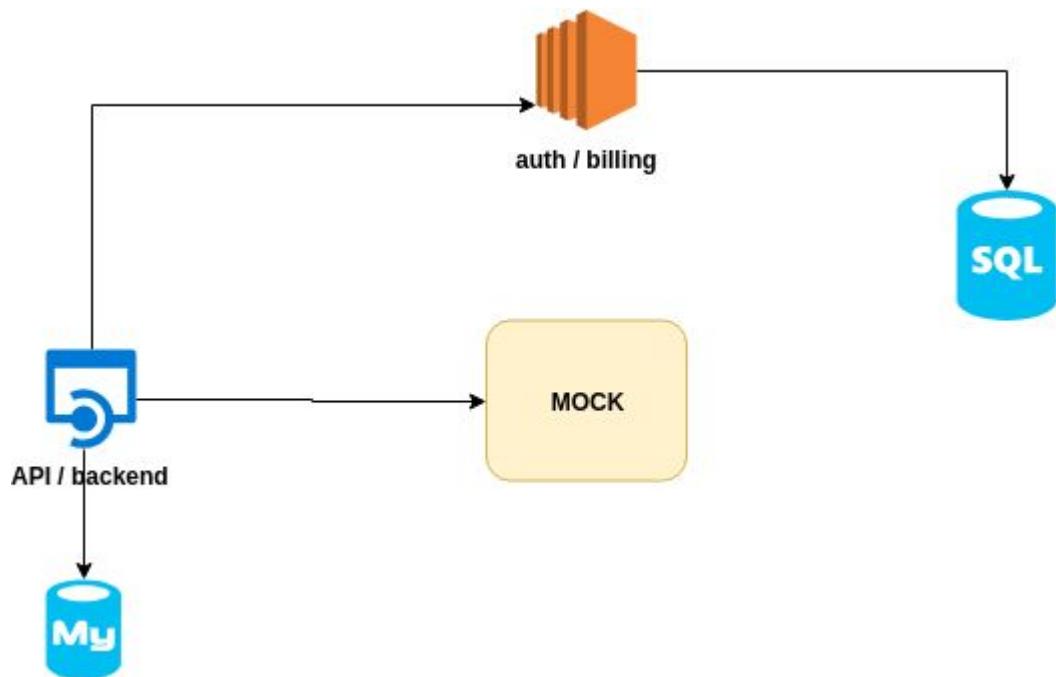

Um cliente abriu um chamado reclamando de lentidão de um consulta em uma API.

# Arquitetura

# Isolando para testar

# Primeiro resultado

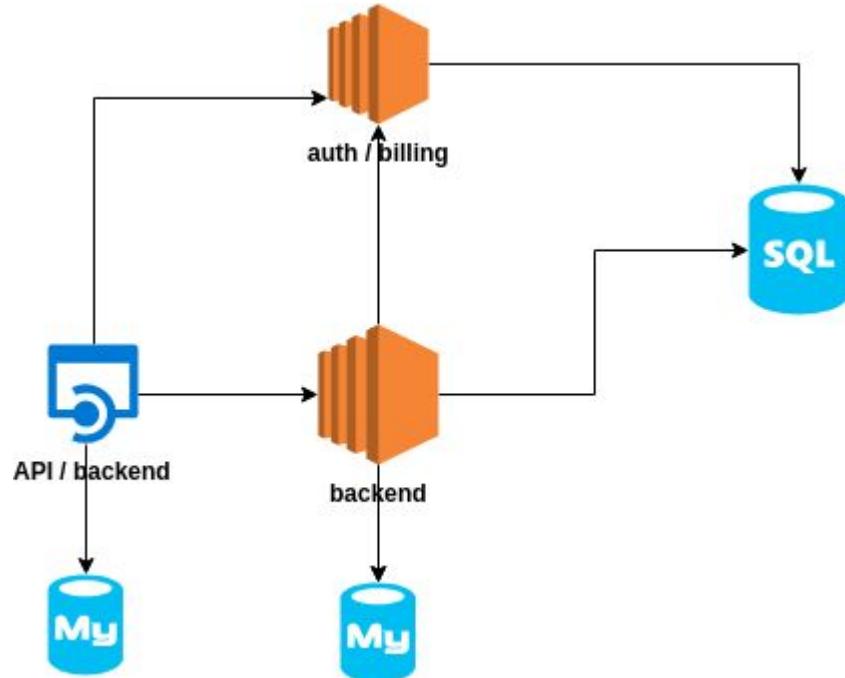

THE  
DEVELOPER'S  
CONFERENCE

**Não caiu!**

**Nenhum gargalo encontrado!**

**Aquentou 10x o volume medido no pico de uso.**

# Teste do ambiente todo

# Resultado

**Encontramos um problema com a quantidade de conexões no banco de dados.**

**Resolvemos ajustando as configurações de pool de conexões!**

## Ferramenta para testes de performance:

- **<https://github.com/locustio/locust>**
- **Utiliza Python !**
- **Escalável**

# Escrevendo o teste

THE  
DEVELOPER'S  
CONFERENCE

```
from locust import HttpLocust, TaskSet, task
import json, uuid
from datetime import datetime
from subprocess import call

class MyTaskSet(TaskSet):
    @task(1)
    def getUuid(self):
        self.client.get("/number")
        self.client.get("/number?sleep=2")
        self.client.get("/number?sleep=5")

class MyLocust(HttpLocust):
    task_set = MyTaskSet
```

# Config do ambiente

**pip install locustio**

# Execução standalone

**locust -f locustfile.py --host=endpoint-aplicacao**

**http://localhost:8089**

# Execução distribuída

Master:

```
locust -f locustfile.py --master --host=endpoint-app
```

Slaves:

```
locust -f locustfile.py --slave --master-host=localhost  
--host=endpoint-aplicacao
```

**Obs: portas de comunicação padrão: 5557 e 5558**

# Docker

THE  
DEVELOPER'S  
CONFERENCE

```
FROM node:8-alpine
WORKDIR /app
RUN apk add --update python python-dev py-pip build-base
RUN pip install locustio
COPY locustfile.py /app

CMD locust -f locustfile.py --master --host=http://localhost:9200/
```

THE  
DEVELOPER'S  
CONFERENCE

A large, colorful word cloud centered around the word "thank you". The word "thank you" is repeated in many different languages, including English, German, French, Spanish, Portuguese, Italian, Dutch, Swedish, Polish, Russian, Chinese, Japanese, Korean, and many others. Each language's word is rendered in a different color and font style, creating a diverse and vibrant visual representation of gratitude across cultures.
